Risk Management Program

DATE: June 13, 2017

SUBJECT: UNMANNED AIRCRAFT/DRONE-Urgent

The Risk Management Program is currently in the midst of Insurance Renewals for FY 2018 and will be completing the process by this week. As part of our insurance questionnaire, I am requesting from Programs, Departments and Divisions to report the use of Unmanned Aircrafts/Aerial Drones to report that drone to our office for Insurance Coverage and Drone Liability.

If your program, Department or Division has such an aircraft please notify our office immediately to receive an application for insurance coverage and pilot insurance. We thank you for your attention to this matter and please feel free to contact me with any questions or to receive an application. I am available at (928) 871-6335 or sdale@navajo-nsn.gov. Thank you.
